AMERICAN *TIKTOK* USERS  
UNLAWFULLY SHADOW BANNED BY *TIKTOK'S*  
INVIDIOUS DISCRIMINATION AGAINST CERTAIN  
AMERICAN *TIKTOK* USERS**

**COMES NOW** the Honorable Patrick L. Booker, *U.S. Advocate of Justice and Legal Strategist*, hereby move this Court for permission to intervene in this matter alongside the Honorable Merrick B. Garland, *U.S. Attorney General and Federal*

*Judge*, for the purpose of specially appearing as *next of friend* to the nearly seventy-million American TikTok users who are being, and who have been, subjected to an *unjust* TikTok shadow ban, in order that it may be known to this Court and by the general American public (especially by those American citizens and the 1 billion global TikTok users closely following this matter) that TikTok Inc. and ByteDance Ltd.<sup>1</sup> lacks standing, under the “**unclean hands doctrine**”,<sup>2</sup> to assert (and indeed has some nerve to assert) —in their Petition to this Court---a First Amendment right on behalf of its TikTok users when and where TikTok Inc. and ByteDance Ltd. *themselves* has violated, and is currently violating, the very same First Amendment rights of nearly seventy (70) million unjustly “**shadow banned**”<sup>3</sup> American TikTok users.

References to “TikTok” are to the online platform, which includes both the TikTok mobile application and web browser experience. References to “ByteDance Ltd.” are to the specific Cayman Islands incorporated holding company that is identified in the Act and is a Petitioner in this lawsuit. References to “ByteDance” are to the ByteDance group, inclusive of ByteDance Ltd. and relevant operating subsidiaries. TikTok Inc. and ByteDance Ltd. are together referred to as “Petitioners.”

<sup>2</sup> The doctrine of unclean hands, often referred to as the “dirty hands doctrine” or the “unclean hand's doctrine,” is **a legal code that allows a court to refuse to hear a case if the party bringing the case has committed a wrongful act.**

The unclean hands defense can be used to protect the rights of businesses, consumers, and the court system's honor and integrity.

A defense of unclean hands can be used in any legal proceeding. It is an essential part of the legal system and it is designed to protect the legal system's integrity and prevent a party from using the courts to gain an unfair advantage over another.

<sup>3</sup> TikTok shadow ban is when TikTok limits the visibility of your account for a period. During this time, your videos won't show up on the “For You” page or in hashtag searches. Some people who experience a shadow ban often notice that their posts are harder to find, and they get fewer likes and comments than usual.

<https://megadigital.ai/en/blog/tiktok-shadowban/#:~:text=TikTok%20shadowban%20is%20when%20TikTok,likes%20and%20comments%20than%20usual.>

Social media allow information to be shared along social networks with friends or followers (*who may then share items in turn*), and they enable discussion to take place around such shared information. Users of such sites do more than just passively consume information, in other words: they can also create it, comment on it, share it, discuss it, and even modify it. The result is a shared social environment and a sense of membership in a distributed community.

Social media thus comprise four groups of people: users who generate content, users who consume content, users who generate commercial speech (advertising), and social media managers who host speech. Each element involves speech: users generate and consume information, and social media services create the forum in which speech happens. *Individual speech is highly protected in the United States. Indeed, the United States highly values individual speech in the public sphere.*

Although TikTok Inc. and ByteDance Ltd. are a private forum, the Supreme Court has long recognized this principle of law:

**“The more an owner, for his advantage, opens up his property for use by the public in general, the more do his rights become circumscribed by the statutory and constitutional rights of those who use it.” Marsh v. Alabama, 326 U.S. 501 (1946), 506, 509.**

As noted in their petition, “TikTok is an online video entertainment platform designed to provide a creative and entertaining forum for users to express themselves

and make connections with others over the Internet. **More than 170 million Americans use TikTok every month**, to learn about and share information on a range of topics — from entertainment, to religion, to politics. Content creators use the TikTok platform to express their opinions, discuss their political views, support their preferred political candidates, and speak out on today’s many pressing issues, all to a global audience of **more than 1 billion users.**” (see, Doc. No. 2053212 at 8)

The fact that TikTok Inc. and ByteDance Ltd. opened up their private property for use by the public in general, inviting **more than 170 million Americans (1 billion users globally)** to use their platform, is not only substantial, *it is consequential.*<sup>4</sup>

1. On September 19<sup>th</sup>, 2020 I joined TikTok and began posting both entertaining and informative content to my TikTok account which I established using the pseudonym *KevinPresident2020* (currently *KevinPresident2024*)<sup>5</sup>.

Initially, I was really excited to join TikTok and share my content with the world. It was a fun platform where I could connect with others and express myself creatively. In fact, I acquired an agenda after joining TikTok---to

---

<sup>4</sup> I am confident that either this Court or the Supreme Court may agree with me that, by opening up their private companies up to, and in inviting more than 170 million Americans to, use their property, the petitioners themselves created a **public accommodation** subject to all American laws pertaining thereto. <https://www.findlaw.com/civilrights/civil-rights-overview/public-accommodations-equal-rights.html#:~:text=Churches%2C%20synagogues%2C%20mosques%2C%20and,during%20that%20period%20of%20use.>

*speak out on today's many pressing issues including politics<sup>6</sup>, and to announce my decision to run for president of the new United States, using TikTok's broad audience to amass millions of followers (i.e., potential VOTERS) as my own unique way to create a census on the many national issues that I know are affecting Americans.*

2. On May 22, 2022 I posted a video to my TikTok account titled "School is now in session" which depicts me, a black man, educating a white man on the details of history of the U.S. Civil War which went viral and became trending, resulting in 53K views and prompting over 8,400 comments on TikTok. 3. However, shortly after posting that level of content, I began noticing that my content wasn't reaching as many people anymore<sup>7</sup> and, realizing that I was being shadow banned by TikTok Inc. and ByteDance Ltd., my excitement turned to frustration. It's disheartening to feel like those companies and their

However, due to their invidious and viewpoint discrimination, the Petitioners do not afford every TikTok user an equal opportunity to be seen and heard.

“I am announcing today my thorough consideration  
and selection of the Honorable Patrick Lee Booker  
as my running mate for the  
2024 U.S. Presidential Election.

Patrick Lee Booker, a lot like me, have to fight government corruption and injustices in our so-called American justice system. Its broken. We know it, and Patrick knows it.

Patrick's story is one to be listened to, absorbed, and understood. He, like many of our fellow Americans, is a direct victim of the criminal actions of some of the corrupt government actors.

But he's strong---so strong is Patrick. He's like an eagle! Once you get to know him. He embodies freedom and power!

Even I am moved by this young man's story. And I believe that, because he's been subjected to the law, Patrick knows what to be looked at, changed, and amended with our current system.

Accordingly, I hereby introduce you to the  
Honorable Patrick L. Booker

for President and Vice President."

place my account under *Temporary Suspension* for **ten (10) years**, until ***February 24, 2034***<sup>10</sup>, which is outrageously excessive for a non-offense!

This is proof of just how ***unjust*** certain American TikTok users are treated by the Petitioners (yet this is occurring to *millions* of unjustly shadow banned American TikTok users). **A ten (10) year ban**<sup>11</sup> (from being able to fully enjoy TikTok as a user) **simply because I**, in a my good-faith attempt to merely express myself, **posted a picture of my image** (and a video of another

<sup>11</sup> As Acknowledged by Petitioners, Americans have a protected First Amendment **right to access** and **to use** TikTok. Therefore, being that persons enjoy a constitutional right (civil right) to access and use TikTok, the Petitioners need to take heed to this: ***"Deprivation or suspension of any civil rights for past conduct is punishment for such conduct."*** Cummings v. Missouri, 71 U.S. 277 (1867). Although my conduct in posting the video to my TikTok account on February 24, 2024 was completely within the rules and regulations of TikTok, the deprivation or suspension of my First Amendment rights (relating to my ability to fully use and enjoy my TikTok account) was punishment by Petitioners against me for my mere exercise of my First Amendment rights.

person) and **sought to pay for promotion of the same**. That is outrageous!

That is clearly an act of First Amendment retaliation against me. See, Booker v. SCDC, 855 F.3d 533 (4<sup>th</sup> Cir. 2017) (the prohibition against First Amendment retaliation is clearly established law). **Petitioners' attorneys represented me in that case.**

9. On April 19, 2024 the Petitioners contacted me via my TikTok account and asked me to call my federal senator Lindsey Graham and to tell Senator Graham that I love TikTok and that I oppose any bill that includes a TikTok

ban.

10. Being that the Petitioners has shadow-banned my ETM Magazine TikTok account, *along with 70M others*, and even has my account under a current 10-year temporary suspension<sup>12</sup> from being able to promote any of my posts, I

<sup>12</sup> The "temporary ban" placed on my account by TikTok Inc. and ByteDance Ltd. is set to expire on February 24, 2024, **a ten (10) year ban placed** on my account by TikTok Inc. and ByteDance Ltd. as a result of my request to promote my TikTok post on February 24, 2024. See Video Post [https://www.tiktok.com/@kevinpresident2024/video/7339250042873597227?is\\_from\\_webapp=1&sender\\_device](https://www.tiktok.com/@kevinpresident2024/video/7339250042873597227?is_from_webapp=1&sender_device)

found it ironic that the petitioners would reach out to me for help (the very American citizen whom they have wronged via *invidious, viewpoint discrimination and First Amendment retaliation*).

I decided that I would use this as an opportunity to sound the alarm—about the wide-spread civil rights violations committed against millions of Americans citizens who are unlawfully shadow-banned by TikTok Inc. and ByteDance Ltd.---by calling my federal senator and requesting for an investigation by the Civil Rights Division of the United States Department of Justice.

11. On that same day I called Senator Graham's office, and I recorded the call. I informed his staffer (Mr. Phillip) about the massive unjust shadow bans TikTok Inc. and ByteDance Ltd. have subjected millions of TikTok users to as a result of invidious and viewpoint discrimination against certain (Black) TikTok users, and that I was requesting Senator Graham to refer the matter to the civil rights division of the Justice Department for investigation. Mr. Phillip promised to notify Senator Graham. **See, TikTok Asked Me for Help** <https://youtu.be/a92blhOCmqw?si=I9SXqXPAhESTTrJC> .

---

[=pc&web\\_id=7359608146652022315](#) | am not sure how TikTok Inc. and ByteDance may seek to justify their arbitrary and capricious actions.

Prior to being unjustly shadow banned by the petitioners, I was able to gain more than three (3) thousand TikTok users as followers of my KevinPresident2020/2024 TikTok account. Having 3K followers should allow my posts to garner at least 3K views—not 8 views. That is prima facie evidence of a shadow ban on my account. The Petitioners and/or some of their “thousands of employees in the United States” are clearly subjecting me to both invidious, viewpoint discrimination and retaliation.

As I did when I called on my federal senator to take action, I am hereby asking the U.S. Attorney General, Hon. Merrick B. Garland, to task his civil rights enforcement division to initiate a robust labyrinth federal investigation of whether petitioners are, in fact, responsible for mass civil rights violations of American citizens by and through their invidious, viewpoint discrimination and First Amendment retaliation against certain American citizens who use their platform.

I am nacho average<sup>13</sup> *TikTok* user: *unlike* the millions of other TikTok users, I post engaging entertaining, informative, ***political content*** that would propel and catapult my interest in the American presidency to the attention of the world, as I am the X factor to the 2024 United States Presidential Election.

---

<sup>13</sup> Indeed, I am nacho average individual; I am ra raavis and sui generis with great skill at presenting positions in court. See, e.g., *Booker v. Toal et al.*, 3:23-CV-06187-DCC-MGB (Doc. 14 ***Motion to Alter or Amend Judgment***); *Booker v. Merchant*, 2:22-cv-02179-JDA-MGB (Doc. 105 ***Sur-reply***); most importantly, see *State of South Carolina v. Patrick Lee Booker*, Appellate Case No. 2022-000641 (I perfected my appeal *pro se*, and I am going to obtain relief. It is currently pending in the S.C. Court of Appeals).

The Petitioners are aware of the this and, thus, because of my race and skin color, *coupled with my level of political debate/discussion*, they have conspired to deprive me of my secured rights under the First Amendment and they have subjected my TikTok account to unjust marginalization, relegated to the fringes of their social media platform.

But for the Petitioners' invidious/viewpoint discrimination and First Amendment retaliation against me and my KevinPresident2024/ETM Magazine TikTok account, I would have by now amassed millions of followers/potential voters preceding this presidential election cycle based upon how social media metrics work. For example, the 59 second reel of my wife and I ***depicted as the President and First Lady of the new United States*** which I posted to my TikTok account on September 23, 2023, would have (and should have) gone viral, if no intentional interference by the Petitioners. See,

To be sure, I published a message in our February 2024 “**Black History Month & Valentine’s Day**” special edition ETM magazine which I directed to the attention of U.S. presidential candidate Donald J. Trump. Go to Amazon.com and search for “ETM Black history” or click <https://a.co/d/00CAWRa> . I posted a picture of the cover of that magazine to my TikTok account and paid to promote the video. Although I paid to promote that TikTok post, Petitioners rejected my promotion order and returned the funds I provided. Because of their unjust shadow ban and discrimination/retaliation against me, that TikTok post have only been seen by 60 TikTok users, despite the account having more than three (3) thousand followers. The math is not mathing! And it is directly linked to the unjust and unlawful acts and omissions of the Petitioners. Thus, the Petitioners' hands are *unclean* and, therefore, they do not deserve to come before this Court of justice asserting *my/others* First Amendment rights (as a TikTok user<sup>14</sup>) when and where, as shown above, I can point directly to their wrongdoing in violating my First Amendment rights themselves.<sup>15</sup>

<sup>14</sup> ATTENTION TO ALL ATTORNEYS: TikTok Inc. and ByteDance Ltd. have acknowledged, via their petition, that American TikTok users *have First Amendment rights to access their platform and* while using their platform.

Because the Petitioners' lawyers previously represented me and helped me achieve a legal victory in the United States Court of Appeals<sup>16</sup>, and likewise helped me preserve that legal victory in the United States Supreme Court<sup>17</sup>, I encourage the attorneys to contact me and discuss a fair resolution of these issues with my TikTok account.

**WHEREFORE**, having made the foregoing motion, I respectfully request that this Court permit me to intervene in this matter for the limited purpose of appearing, alongside the U.S. Attorney General, as *next of friend* in defense of the 70M (of the 170M American TikTok users) who was, and who are being, subjected to invidious and view-point discrimination/First Amendment retaliation by the Petitioners.
